

Control™

Blood Glucose Monitoring System

The Control™ Blood Glucose Monitoring System is the fastest, the most accurate, and most reliable system on the market*. Alternate site testing, tiny blood sample(1ul), and a fast 5 second test time will let you sleep comfortably at night.

More Choices:

The Control™ system can test your blood glucose from your forearm, thigh, calf, palm as well as fingertips. Forget the pain and welcome comfort!

5 Second Test Time

Fast results in 5 seconds save you time and effort. Have more time to do the things you love. Have more time to enjoy life!

Quality and Value

Control™ Meter and Test Strips are covered by Medicare, Medicaid and most insurance companies. Even if you do not have coverage, Control™ is the best quality and value on the market for you.

Our Commitment

Our goal is to provide you with a high-quality, easy to use product, and superior customer service. Our customer service center will be happy to support you and answer any questions 24 hours a day, 7 days a week at 866-216-5308 or visit us at www.usdiagnostics.net Servicio al Cliente en Español disponible.

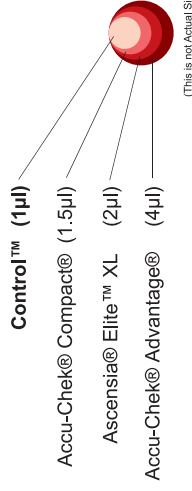

Accurate and Reliable

The Control™ system uses bio-sensor technology and utilizes capillary action which is up-to-the-minute technological innovation. Since it provides you with the most accurate and reliable results, you can finally be confident in your meter.

Make living with diabetes easier

Life is hard enough. With simple-to-use Control™ Blood Glucose Monitoring System, you can live your life to the fullest.

Tiny Blood Sample
